

SUMMER ACTIVITIES

In as much as student learning is an ongoing process, the Laconia School Board encourages students to develop a plan for summer activities that supports their learning and provides opportunities to pursue their interest or ability. Such activities may include a summer book-reading list, attending an education-themed summer camp, engaging in extended learning opportunities, or other activities that support student learning. Any students who are unsure of what would extend their learning activities could check with the building administrator or guidance counselor for suggestions.
